

Certificate of Quality Assurance for Vaponics Cartridges

Product Identification

Model Number: **VF-7.5**

Materials of Construction

Cartridge Housing: ABS
Cartridge Endcaps: ABS
Screens: Dacron
Membrane Filter: Polysulfone
Mesh: Polypropylene

Physical Characteristics:

Nominal length: 1.5"
Nominal diameter: 3.5"
Filter layers: Pre-filter, mesh, membrane filter

Performance Capacity Characteristics:

Nominal filter rating 1 micron.

Quality Assurance:

All filters are made to close tolerances in length. They are individually shrink-wrapped to maintain cleanliness during shipping and handling.
